

## *The Esther Project Challenge Commitment*

*I,* \_\_\_\_\_

am embarking on a six month journey with God through weekly challenges from the Esther Project.

I will honor my commitment to God by preparing to achieve my destiny.

I will pray and study God's Word daily.

If I am not already connected, I will take steps to become connected with a local church.

I rededicate myself to **the fundamentals** of self-care.

I will **live on purpose** by enjoying life.

I will **expand my territory** through relationship building.

I will allow God to **transform my character** through becoming the cocoon in the wilderness.

I will **break forth** by increasing my emotional, mental and physical strength.

With God's help, I will **take my position** as a leader that empowers and mentors others.

I expect that God will do exceedingly, abundantly more than I could ever think or ask.

My baby of purpose will become an adult of destiny.

*I am Esther!*
